

We are so sorry that you have found yourself in the hospital. We were blessed to have our hero Easton in this world for four amazing months. However, he spent three of those months in the hospital, so we know it is not easy. One of Easton's favorite things to do was look at pictures in books. His favorite book was Dr. Seuss ABC. We hope you enjoy this book as much as Easton enjoyed his books and that it makes your hospital stay a little easier.

Dedicated in memory of our hero Easton.
